# One water toilet tap

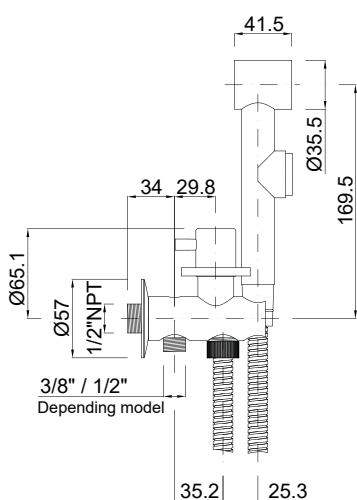

## New product

• No additional installation required

• It can be installed instead of the toilet closing tap

• independent locking systems for the tank and shower

- Innovative design
- Save space in your bathroom, changing the old system by the new hand held bidet
- Totally save, it is not possible to leave the tap open when hand-shower is placed in the holder
- Easy to use and great for every member of household
- Improve your personal hygiene adopting a healthy habit
- All brass construction
- ABS hand shower
- Ceramic setting
- Anti torsion PVC flexible hose (easy to clean)
